An academy, as part of The Westbrook Trust

Issue: 31 Date: Friday July 6th 2018

Governor Headline

As we move towards the close of the academic year we look forward to celebrations, goodbyes and welcomes. Governors wish to celebrate the hard work and dedication of all our school community, both children and adults and the difference it makes to everyone.

We have the privilege of hearing and seeing the successes of your children and their excitement and enjoyment of learning opportunities. Just scanning the newsletters shows the wealth and variety of the activities offered throughout the year. It's certainly true that we offer something for everyone; a wide range of sporting activities, different clubs throughout the year, visits to historical sites, wildlife parks, country parks, coastal beaches and the list goes on. Some successes are judged against national benchmarks, for example end of key stage tests and assessments – others are more individual and personal – e.g. a personal best in sport or trying a new club or activity. All are important and help to grow the unique individual that is your child.

Our staff team also continue to develop their professional skills throughout the year and showcase their learning, sharing it with others in our Trust and beyond. And on top of that they run clubs and other activities beyond the usual curriculum offer.

We have a lot to celebrate at Brompton Westbrook. We also need to take the time to say a heartfelt thank you to the whole school community for their consistently warm welcome, hard work, contribution to our many successes and passion for asking: how can we make it even better? As the year comes to an end, governors will also reflect on this question and commit to continuing to support and challenge the school next year.

Finally, but by no means least, we wish our leavers a smooth transition to secondary education and wish them every future success.

Governor
