

Year 2 Writing and Topic Homework:

To be completed by Friday 20th July

Writing non-negotiables:

- I can use interesting adjectives in my writing.
- I can use a range of conjunctions in my writing.
- I can start sentences in interesting ways.

Step 1

You have found a seed on the ground but are unsure what it will turn into. Mind map some ideas of what it could grow into. Could it be a new plant that hasn't been discovered yet?

Completed that? Try step 2

Step 2

Choose one of your ideas and design what it will look like when it grows. Don't forget to label it. Completed that? Try step 3

Step 3

Now create your plant in anyway you wish (e.g. painting, drawing, models).

Completed that? Try step 4

Step 4

Keen gardeners want to know about what your seed turned into. Write a description of your plant. Think about telling them about what it looks like, what it smells like, how tall it grows, what insects or creatures like it, what seasons it grows in.

Teachers will review the work and provide feedback to parents at the end of term. Some children will be presented with awards for their home learning in celebration assembly.
